Dear Greg,

I am forced to write again to your office which I wish you would alleviate this imposition by giving me another address to write to.

Inserted in a letter I received last nite from Harrington He'll tell you what he actually means by calling him.

If you find it at all possible to call Miss [redacted] + give her a phone # for her to call back that you are sure not bugged. Then she can call you from a safe phone at whatever time you both agree on I would appreciate it or go see her + have a long talk with her.

I don't like it here + I will wait two more weeks before I start court action "Panic" to go back to Folsom

If you would please inform Harlie Williams at this point I cannot write to her because I am not in a position to be able to because of not wanting too many people to know where I am. I would appreciate this. I will write her in the future when it is feasible.

Please insert a pen in your Chubby little hand + write me.

my best to Diane.

Sincerely
Joe B

Hi [redacted]

With all these uptight letters, I think I'll keep quiet for a couple of days because if I can't write anything pleasant I rather keep quiet until I cool off because I am sure very super uptight! When I received your letter tonite about the meeting, & then you asked me about the manuscript with more question that showed you doubted me like when you said "Why the hell did you make all this fuss about having Ted & Jo give me a copy of the Book when you could have given me the one you had etc, etc etc. Well I only have ½ of a manuscript, only the typed section, Ted has the type section, & the last section handwritten, which I don't have. I will not get more Specific then I already have been. Infact I don't care what Jo & Ted say, but you listen to them because here more truthful then I am. I don't want the matter of the missing manuscript mentioned no more, I don't wish to pursue the matter any further. You write that I make you uptight, maybe that is true so its best I shut up for a few days & I'll straighten out my own problems & my own way. As for their reasons for sending me here, that is their choice but it doesn't mean I have to accept it.

Who are these friends of Ted's that he as told about me, & who is this Harry that give you a late call, I want is last name. I have my reasons.

Forget about the call to Bedell, I'll handle it myself. I mean this & I want to hear no more about it.

I am not impressed that Bob B. attempted to punch 65 year old man. What does it take to bring out the

tyes in him the sick, lame + old aged!

You mentioned a forward, a blurb by some Dude from back East. WHAT DUDE?

Ted friends + the cops were concerned that if something bad was going to happen at the Hosp. What friends as he been talking to? And what as he been telling them? I suspect what added to the cause of me being here is what he says on his phone. I don't want him mentioning my name on his phone + to be introducing you to people as my friend like the guy with the ring.

I am trembling right now because I have been called a liar, + alot of crap is going on out there that is making me sick to my stomach!

Patterson, his minies + all those so called righteous citizens who look down their noses at me because they consider themselves true citizens of society. They are, are + they stink! All Trying to take their best shot because of the money involved in the Book. As it ever dawned on you that the most Ted ever did for me concerns the Book where he has an end, everything else he as stalled + lied about. Everybody has a price. Ay, well I don't, + I am sick of the Book + you'll hear how sick I am of the Book very shortly by what I am going to do! I always make money, good money, I don't need the money from the Book!

Love you [redacted] + these days are years now with all this malarkey.

Also call up Alphie, Alphie must know about Carl; Carl is alright, he is just upsetting "Doolay" in "Sausalito" & "Santa Clara". "Sam" "today" being concern! It only "Arts" way to get to "Sue". "Harry" has nothing to be "casual" about!

No mail tonite from you. Bad! So tomorrow I'll get you Sat & Sun letters if you wrote. Now that it is the holiday season, the mail will be lousy till it is over.

I made a chili bean & hamburg today. It all went for lunch & I made double the amount! Wish you could have tasted it.

Got to go on a diet again Imp; I am getting too fat! Oh well I will when the time gets close & I know for sure when I am being released.

Received $5.00 in a Xmas card Lastnite. Thats why I was able to send those two letters certified, still have enough to now mail you back the copy of the Book with corrections. See that the little weasel Patterson gets it & adheres to the corrections.

I noticed you wrote X anniversary for Dec 7th. That was the day they killed my partner Chico in 1966 & I was setting in Charlestreet Jail.

I was married to an Italian girl once for 4 years. She is dead now bad heart. A fine fine woman. I got the divorce & she didn't contest it. I met her

through the mail when I did that 8½ years, & when I got out I married her. That sound familiar? smile

Was laying here today thinking of the trip with a Camper. Far out thoughts! Hope it happens soon! By the time you get this letter Bob B. will be off on his holiday vacation. Leaving me in a mess! No word on the civil rights restoration, no contracts, no nothing. I hope he has a miserable time the Punk! your mom, will be coming in soon. Don't forget to show her the bathroom & spiders. Oh & don't forget to show her your posters. Poor lady would have a heart attack if she knew her one & only had those posters! smile Got a feeling nothing will get off the ground on this Book till at least Feb. Looks like the powers to be are having their way. Just so happens a court matter concerning the Oregan murder & those convicted come up about that time

Well my Turnips, think I'll read for awhile & put my mind in Texas, breaking out of Yuma Prison to go get my hidden $100,000 from a stage coach payol with the posse in hot pursuit, but not to close because I am dead eye for quick on the draw & worse I come from Montana! Poor story, I am from Texas? Breaking out of arizona? From Montana? smile

Love you my Wife! Beautiful hugs & kisses, my Pretty! Tempus Fugit means time flys! How true, how true! Ta ta B, Super Goodie!

Hi My Baby

Well I finished my western lastnite. At the en the girl said "wherever you go I want to go with you!" I read those words & I thought of you. You & I [redacted] wherever one of us goes the other well be right along side the other! I sure love you [redacted] & through this miss & loneliness for each other, this struggle especially on you part to make us come together, it sure would take a power greater then we know to ever separate us! I wrote Greg lastnite & told him to call you concerning the incident I had here & that you would tell him. Lets hope he calls Honey. Ill be sending you back the manuscr within the next couple of days, Ill send it to the office I dont like the idea of it laying in your mail box all day. Well tomorrow will be 1 year ago I was sentenced, also I waited 15 months for trial, that is 27 months, also another 3 months in jail back East thats 30 months I have been in. When I see the Parole Board in May I'll have 35 months in & in our jurisprudent society only 17 months well count. Now if it happened in Montana I would fully understand this thought of thinking. smile I just missed by something like 80 days when the law went into effect after I got sentenced, on March 1st 1972 a law passed granting all jail time awaiting trial would count, only to Mar 1st, it was not retroactive preceding that. [redacted] were written to Sacramento by Marteen

Miller & letters from Sacramento stated that they would consider very seriously those additional 15 months when determining my parole. I found this out while I was at Folsom, did I tell you this at Folsom? This year I've spent from the Santa Rosa jail, to Vacaville, to Tehachapi, to Wash, to Folsom, to Eel River, to here. Of all of them this is the worse situation I've been in. Now for some encouraging news I just got from Deputy Warden Blodget just now! He said he had been on the phone with Coyle, & he was going to send me out to Ranch 2 very shortly. Ranch 2 consists of about 6 inmates outside the wall out in a ranch of course away from everyone else. Thats all I know about it right now. It sure takes alot of relief & tension off of me. I sure hope it is soon. Could dig doing a little horse back riding rounding up cattle. Told you my reading cowboy books would prove not in vain! smile Yes I'll sure be glad to get away from the pressure I've been put through in here, everyday I was getting closer & closer to doing something I sure didn't want to do! Thinking about it now, I'll believe all this when I see it & it happens!

Hi [redacted]

Received you Sunday letter tonite. You should have never gone out Sat with your two friends! You need all the rest you can get when you have a cold like that. I hope your feeling better. Yes, I remember those two people if I am not mistaken you told them about you & I. You dont like Herman food? Herman cooking ranks with the

best in the world! I like their dark gravies & some meat dishes. Yes, we'll decorate if I am home next Xmas. Even though the kids are jewish I use to decorate for them & the loved it. I know how you feel this year. What is the sense of decorating if there is no happiness. Ol it was warm today here, it was 1 above! smile I to think I played seriously once about living in ~~moor~~ Montana, thinking of mountains & wooded areas, trees. Yeh there is & its covered with snow 9 months out of the year. I dont want to hear about the cold crisis Calif faces! I never appreciated it more then I do now being away from Calif. So "Sid" gave you a going away present. Well if its what I think it is, its about time! Look how life is, he ends up with your visits & I am too far away to get them. The best thing that could happen is that he is kept inside all the time so he can learn the feeling again because he sure forgot! What did Ted say about me cutting him to 20%. Look Honey, if Bob B. didnt get in contact with Brandt. I hope you'll speak to Patterson & get Brandt, if he'll accept the 9%. Which I am sure he will If you get sick when I am around, you are in trouble Because the only time you'll get out of bed is to go into your lovely bathroom, I'll make that rear of you flaming red if you get up. Lots of juices, & aspirins plenty of rest. Stay in bed [redacted] All day, read, watch T.V. but you'll certainly get it if you get up! so the

Went & got some medication for my arthritis today & the

nurse said "What do you want you fancy talking Bostonian? She is a nice woman in her fifties. Alot of guys ~~here~~ here don't like her but thats because they are punks! I have a very warm fur lined jacket with a hood! I wear long johns! smile

So you'd like a trip to the Caribbean. Well lets plan these things after we see what the Book does. If its good we'll go. Ski, told me he read ⅓ of the Book, & liked it. You take good care of yourself & get rid of that cold. When you see Ted, tell him I said "I would say how does it feel? But he is still on a picnic compared to mario!" Everytime I think of Bob B. gone with all this mess, I could scream! Honey, do you think I should get rid of him altogether? Sure hope something breaks soon but how can it Super Punk is gone for the holiday. But at least if Patterson sends all the copy to date, I can correct mistakes & send it back, as I will this copy soon as Ski gives me it back. I do want Ted Harrington & Colonel Stone to add something to the Book they know what they are talking about. Give Patterson Harringtons tel# & tell him to call him for a statement, & Colonel Stone. These two people especially Stone are well known in New England, it will enhance the sale of the Book around there. Get this done [redacted] its your book too!! Well my life, time to finish "The Last Nights of Pompeii". Love you my Pretty! Beautiful hugs & kisses! Keep Super Goodie warm! ☺

Hi My Baby,

How are you today my lovely, hope your feeling better from that miserable cold.

Ski, gave me the manuscript back, said he liked it & held his interest. I am suppose to see him again today & have him mail it back to you today at the office. I sure hope Patterson doesnt give you a hard time getting the rest of the copy so you can mail it to me to read & correct! Its bad enough with Bob Bs attitude. So while everything as come to a halt while he is gone, I sure hope we can at least do something constructive like correcting the Book. I write to Ted Harrington & asked him to write something like Claude Pepper did. I am sure if he does it well be much better & much more knowledgable! I am sure he will. Got to keep plugging Honey, if we are going to get this thing done right.

As I always do I lay here & think of you & the things well do once we are together & I sure feel that once we know reality, it well exceed the delights of our anticipation. We share so many common interests & I feel we do blend perfectly together. I love you my life! Been here 7 wks & that darn money of mine from Calif. still hasn't come, will sure be happy when it comes! Being a convict sure is a lowly state & they dont let you forget it!

I almost made up my mind, or lets just say I am almost sure that I want to go to school for writting. I like writting, it comes very easy to me. Especially where as Ill be with you & rarely with anyone else out in the wilderness besides when you pick on me, Ill go into my den &

believe one letter was Dec 8th! oh I am steaming! Super Punk is gone till Dec 18th !!! Terrible! Also I thought Patterson had another 45,000 words done. I acquired Blumenthal & Patterson through Ted & they sure are 3 birds of a feather! No use trying to do something now because Super Punk is gone. Received his card that you wrote for him B.7. deal! He knows I am a jew, what's he too good to acknowledge it! Honey, they are in for a shock! Because I don't forget easy! Boy, what a bummer that is Honey! Super Punk, will come back in be too busy for awhile to get to me! Well it looks like I am going to get rid of him. As to Patterson, I thought he was so sick that they told him to retire, but yet here is the old creep going to work for the West coast Ny. Times. If he sells anybody out, it will be himself & that for sure more than he'll ever know. Jan 18th oh brother! Do you know another lawyer that will handle it for 5% & get things moving right away, if you do, do it now! I tell you what, you tell Ted & Jo to get things moving right away! I mean it or they'll find themselves out in the cold! I am through playing around & putting up with all this happy bull—! You tell Ted to go to another Attorney & pay to have the contracts drawn up Teds, Patterson's & Brandts, find out if Brandt wants the 9%. Write Blumenthal up for 5% in the contract, & send them to me. Also if Doubleday does right & comes up with the right offer ~~they~~ their contract as to be made up. Tell Ted I want this done

now! I mean it [redacted] I'll see Blumenthal later I don't need him! If you know a good tight mouth Atty get him [redacted] & we'll get this thing going! I'll wait till after New Years if Patterson don't answer me, I'll send him a letter!! If I go out to Ranch 2 I don't want to go back to Folsom, but if I don't, I want to go back to Folsom. Coyle is just being all cop to say the only place I can go to is Folsom, he could send me to other places in Calif, but if I have to I will go back to Folsom! Thinking of those two Bob's has me steaming!!! That Ted better get those contracts written up! Don't even write Blumenthal's contract, just Ted's, Patterson's! oh I don't even know what to think but I'll tell you this what goes around comes around! Honey I am not mad at you in the slightest. I'll write & answer your letters tomorrow because my head is screaming & those people have me seeing red!

I love you Honey, beautiful hugs & kisses! Take care of that cold!
