Dear Senators,

Please do whatever you can to STOP the confirmation of Jeffrey Sutton to the 6th Circuit Court of Appeals. His effort to weaken Federal protection of persons with disabilities, minorities, seniors, women victims of violence, Medicaid recipients and others is deplorable! Over 400 nonpartisan disability and civil rights organizations, as well as individuals across the country have united in opposition to Sutton's appointment.

Thank you for all you do for our nation.

Sincerely,

Lorie A Jirschele
