Senator Thad Cochran  
Washington, D.C.

Dear Senator Cochran:

As a disabled person for more than 46 years, I would like to express my avid opposition to the nomination of Jeffrey Sutton for the judgeship to the 6th Circuit US Court of Appeals.

Mr. Sutton has worked to undermine the ADA on Grounds of State Sovereignty, he opposes Olmstead implementation and claims that beneficiaries of Medicaid have no private right of action against states that violate the rules of the program.

On my behalf and all the handicapped communities of America, I respectfully ask you to oppose this nomination.

Respectfully Submitted,

  
Eddie Jones
