GPO PROVIDES PUBLIC ACCESS TO TAX CUT BILL

Washington, DC--The President has just signed the third-largest tax cut in the history of the country. Now, GPO is giving Americans the opportunity to read up on every detail of the legislation by making the *Jobs and Growth Tax Relief Reconciliation Act of 2003* available for public viewing in its entirety. The bill details what the \$350 billion tax cut will mean for families, businesses and investors. It also outlines \$20 billion in state aid.

"We are extremely pleased to be the source of access to the official editions of the *Jobs and Growth Tax Relief Reconciliation Act*, both in online and print form. Once again, we are carrying out our mission to keep America informed," said Public Printer of the United States Bruce R. James.

The Jobs and Growth Tax Relief Reconciliation Act of 2003, Conference Report to Accompany H.R. 2, Report 108-126 contains the bill as sent to the President for signature and the accompanying conference report. It can be accessed, free of charge, by logging onto GPO's online information service, **GPO Access** (www.gpoaccess.gov/news.html). In addition to its own production facilities, the GPO maintains a pool of thousands of private sector vendors across the country to produce print and other information products for the Federal Government ranging from publications for the Defense Department to Supreme Court reports and tax and census forms. The GPO disseminates Federal information products through its Sales Program and through distribution to a network of 1,200 public libraries nationwide and online via **GPO Access** (www.gpoaccess.gov).
