STATE OF ALABAMA

August 28, 2005

The Honorable George W. Bush
The White House
Washington, DCThrough: Mary Lynne Miller
Acting Regional Director
FEMA Region IV
3003 Chamblee-Tucker Road
Atlanta, GA 30341

Dear Mr. President:

Under the provisions of Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. § 5121 et seq. (the Stafford Act), and implemented by 44 CFR § 206.36, I request that you declare an emergency disaster declaration for the State of Alabama as a result of ~~the damage caused by Hurricane Katrina beginning August 28, 2005 and continuing~~ an requesting that Baldwin, Choctaw, Clarke, Mobile, Sumter, and Washington Counties be declared in the disaster declaration.

In response to the situation, I have taken appropriate action under State law and directed the execution of the State Emergency Plan on August 28, 2005, in accordance with Section 401 of the Stafford Act.

The Governor has declared a State of Emergency for the entire state on August 28, 2005. The Governor authorized mandatory evacuations on August 28, 2005, in Mobile and Baldwin Counties.

State and local damage assessments are underway. I have determined that this incident is of such severity and magnitude that effective response is beyond the capabilities of the State and the affected local governments and that supplementary Federal assistance is necessary. I am specifically requesting:

Public Assistance, Category A (Debris Removal), and Category B (Emergency Protective Measures) at 100 percent for the first 72 hours.

The following information is furnished on the nature and amount of State and local resources that have been or will be used to alleviate the conditions of this disaster:

Implementation of the State Emergency Plan
Activation of the State Emergency Operations Center
Activation of the local Emergency Operations Centers
Statewide mobilization of assets

The manpower and assets of the state are overwhelmed due to the storm. The state is estimating cost figures in excess of several million dollars. As soon as conditions allow, the state will be requesting post-disaster damage assessment assistance.

I certify that for this emergency, the State and local governments will assume all applicable non-Federal share of costs required by the Stafford Act.

002748 AL

The Honorable George W. Bush
Page 2

I request direct Federal assistance for work and services to save lives and protect property.

- (a). Estimated 9.5 million cubic yards of debris (U.S. Army Corps of Engineers)
Estimated 1.3 million pounds of ice daily (U.S. Army Corps of Engineers)
Estimated 650,000 liters of water daily (U.S. Army Corps of Engineers)

- (b). Debris Removal (Category A)

Emergency Protective Services (Category B) to include, but not limited to water, ice, and food.

In accordance with 44 CFR § 206.208, the State of Alabama agrees that it will, with respect to direct Federal assistance:

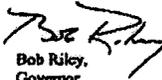

1. Provide without cost to the United States all lands, easements and rights-of-ways necessary to accomplish the approved work;
2. Hold and save the United States free from damages due to the requested work, and shall indemnify the Federal Government against any claims arising from such work;
3. Provide reimbursement to FEMA for the non-Federal share of the cost of such work in accordance with the provisions of the FEMA-State Agreement; and
4. Assist the performing Federal agency in all support and local jurisdictional matters.

In addition, I anticipate the need for debris removal, which poses an immediate threat to lives, public health, and safety.

Pursuant to Sections 502 and 407 of the Stafford Act, 42 U. S. C. §§ 5170 (b) & 5173, the State agrees to indemnify and hold harmless the United States of America for any claims arising from the removal of debris or wreckage for this disaster. The State agrees that debris removal from public and private property will not occur until the landowner signs an unconditional authorization for the removal of debris.

I have designated Bruce P. Baughman as the State Coordinating Officer for this request. He will work with the Federal Emergency Management Agency in damage assessment and may provide further information or justification on my behalf.

Sincerely,

Bob Riley,
Governor
